However slight at this time of year and in this climate, it is the forerunner of malaria. A disposition to yawn, and an all tired out feeling even comes before the chill. This sentiment is confined to no party and is bound to win sooner or later, for the American people will not forever put tariff money into the pocket of manufacturers, who advance their prices to American consumers while selling in the foreign markets at cut rates.

Meanwhile it is to laugh when the protectionist "for his revenue only" claims that the Dingley bill is responsible for all the good that man inherits.—Cincinnati Post.

### DEMOCRATIC TICKET.

FOR CONGRESS.  
HON. GEORGE G. GILBERT,  
OF SHELBY.

H. H. HENNINGER,  
Of Wayne county is a candidate for State  
Treasurer, subject to the action of the  
Democratic party.

PRESIDENT SCHWARZ, of the steel  
trust, whose salary is one million  
dollars per year, is forced to resign  
his position on account of ill  
health, and will seek another clime  
and country, to find not the foun-  
tain of youth but of health.

THE Republican text book, which  
was recently published, not being  
altogether satisfactory on all points,  
especially the trust question, has  
been laid on the shelf, to be sup-  
plied with another more complete  
and satisfactory.

EDITOR WALTON, of the Interior  
Journal, is giving his readers many

selected by primary elections instead  
of conventions. We wish that every

There are 4,610 lawyers in  
Chicago.

Mr. Bryan continues telling  
people why they have trouble, and  
Mr. Hanna continues telling them  
how to cure it.

There are over 100 distinct pieces

fortyfour parts, the lasting tacks,  
the heel nails, threads and laces.

Nine hits with nine rounds in

Gunner F. Skein of H. M. battle-  
ship Ocean, of the China squadron.

When a political campaign is in  
full blast the people are led to be-  
lieve that the life of the nation is at  
stake. After the election it turns  
out that it was only a lot of officers.

There was once a young lady Dr.  
Who owned a bad parrot that mr.

Using language extreme—  
All of which, so the lady said, shr.

"I don't know any man," said  
Mrs. Wabash, "that's as careful  
about his eatin' as my husband is."  
"Afraid of dyspepsia, is he," in-  
quired Mrs. Bronx.

"No, it ain't that. But, for  
instance, whenever he puts a knife-  
ful of peas in his mouth he never  
turns the knife over to lick it like  
some people, for fear of cuttin'  
himself."

A report from Lee's Summit,  
Kan., tells the story of a frightful  
occurrence in the corn belt near  
that place. The story was given  
circulation by a Lee's Summit  
paper, and illustrates the horrible  
dangers that Kansas is suffering by  
reason of the tremendous corn crop.

The hero of this awful tale is  
Willie McKeighan, a small boy,  
who climbed a cornstalk to see how  
his father's crop was getting on.  
The stalk grew so fast that the  
faster the boy slid down the higher  
up he was carried. At the last  
report Willie was out of sight and  
still ascending. Many men are at  
work trying to chop down the stalk,  
but the effort is useless, because the  
plant grows too fast for the ax to  
hit twice in the same place. The  
boy is living on raw corn, and has  
already thrown down four bushels  
of cobs. The stalk is now so high  
that the cobs take fire in the air  
like meteors.

Farmers in the vicinity are at-  
tempting to send up balloons for the  
relief of this poor victim of the  
corn crop.

Many a married man dislikes his  
mother-in-law because she will not  
allow his wife to support him.

If Mr. Hanna keeps up this sort  
of talk about the rights of labor the  
other capitalists of the country will  
be justified, after a while, in accus-  
ing him of turning state's evidence.

The date of the great contest  
between Terry McGovern and  
"Kid" Corbett, which was recently  
secured for Louisville, has been  
changed from September 15 to  
September 22.

"Why, papa," she argued, "you  
know Arbuthnot never drinks,  
chews, smokes, gambles or swears."  
"Yes, I know," the rugged, unro-  
mantic old man answered, "but I  
don't want a chap for a son-in-law  
who merely doesn't do things."

Nice clothes that show cover a  
multitude of clothes not so nice that

Most any strong-willed man can  
compel a woman to do what he  
wants her to by commanding her  
not to.

A new company is being organized  
for the purpose of extending the  
service inaugurated in New Haven  
some time ago—that of supplying  
people at their homes with cooked  
meals. It proposed now to intro-  
duce the service throughout the  
country, and new stations are al-  
ready being put into use. Yester-  
day, a station was opened in Meriden,  
and another one will be opened  
in Hartford.

"Mother," said the small boy  
to a friend who was calling on his  
mother, "is a great man. He  
knows what time it is without look-  
ing at his watch."

"What do you mean, Tommy?"  
queried the visitor.

"Oh, when I holler out an' ask  
him what time it is in the morning,  
he always says it's time to get up,  
and when I ask him what time it is  
in the evening, he always says,  
"Time to go to bed, Tommy." Oh,  
I tell you my father is a great man."

### LEVEL GREEN

Rain in vast quantities, but too  
late for early planted corn, yet, we  
think, plenty will be made in this  
drouth-stricken section to bridge  
the people over, for taters is very  
good.

Road working seems to be the  
general order of the day; on many  
sections much extra time, and la-  
bor of course, will be put in, and I  
can truly say that the time can't  
be better spent. When I mustered  
my hands for roll call on Wednes-  
day the 13th, I felt at least ten  
years younger, and when the boys  
began to ply the mattocks, picks,  
shovels and hammers I grabbed  
the "big" sledge and beat a large,  
hard limestone into "giblets." How  
the boys did laugh. This is the  
effect of Crawford's bitters. Hur-  
rah for Crawford and his bitters.

Now I see that brother Lether  
Pate tries to believe that he makes  
men believe that he thinks he be-  
lieves that he has been working on  
the public highway, but I tell you,  
just a little everydence would make  
it stick better brother.

Trade is again lively. The Broyles  
boys drove about 35 suckling  
calves to the Blue Grass markets  
Monday for which they had paid  
fair prices.

W. H. (Bogue) Brown bo't sev-  
eral hogs at 6½c.—Tom Evans  
sold a sow and eight pigs for \$25.  
—J. N. Brown sold one cow, calf,  
and yearling to Boone Broyles for  
\$52.50, and he swapped one farm  
horse to Wm. Head of Crooked  
creek, for a calf. The few sheep  
left among us are rising in price too.

Health is generally good and all  
have plenty to eat and are enjoy-  
ing life. The wind storm of Fri-  
day afternoon blew down my large  
hickory tree that had baffled and  
withstood the winds, storms and  
tempests of centuries. Could this  
tree tell its own story what an in-  
teresting bit of history it would  
make. The thousands of little  
animals it has wintered with its  
nuts, the children it has pleased;  
the numberless songs and dances of

the Indian brave it has witnessed,  
a resting place for herds of buffa-  
lo while they rested and recuperat-  
ed; and lastly for 100 years a rest-  
ing place for horses, cows and  
sheep, while its branches afforded  
a home and safe retreat for song-  
sters to cheer the heart of man in  
his daily toil. But it has fallen,  
and in its fall leaves a void on  
earth never to be filled—as it was.  
Goodbye old tree, goodbye.

We see from the newspapers  
that the republics of this Congress-  
ional district are lookin' over their  
flock for a biennial sacrifice. It  
is indeed a pity that the experi-  
ence of two years ago is worth  
nothing to them. Webster in the  
immortal Blue Back says; "expe-  
rience keeps a dear school but fools  
will learn in no other;" but it  
seems that our friends on that side  
of the political fence wont even  
learn from that hard school, so  
come on with your lamb and we  
will see that he is nicely done for  
in November. I am outen politics  
now.

ion, smiling face. She looks good,

who knows how much coffee and how  
much state and fine-grained glazing—  
there is in Lion Coffee?  
Lion Coffee is all coffee—never glazed.  
The sealed package keeps it fresh and pure.

## KENTUCKY PRESS OUTING, NORTHERN VISIT.

[CONTINUED FROM LAST ISSUE]

After a day spent at Niagra Falls  
the party returned to Buffalo, when  
they again went aboard the steamer,  
Eastern States, for Detroit. Arriv-  
ing at Detroit at 8 o'clock, the party  
went direct to the Michigan Central  
depot and took one of that road's  
fast trains for Toledo, then to Cin-  
cinnati over the C. H. & D. R. R.,  
arriving at 4 o'clock. Here the  
party separated, some remaining  
over in the city others going direct  
to their homes. The outing on a  
whole was one of the most enjoyable  
ever taken by the association, and  
to our most worthy secretary, Mr.  
R. E. Mornington, the association  
is greatly indebted for the splendid  
way every thing was arranged.  
From the first to the last there was  
hardly a bobble of any kind and  
every thing moved liked clock  
work. The Louisville and Nash-  
ville and the Louisville, Henderson  
and St. Louis Railroads deserve  
special mention for courtesies ex-  
tended the association. No favor  
was asked of either of the above  
named roads, but what was gra-  
ciously extended. At some time  
during the winter, a meeting of the  
association will be held in Louis-  
ville, for the purpose of discussing  
the best interests of the association,  
and also an outline of a trip for  
next year.

## Lost Hair

"My hair came out by the hand-  
ful, and the gray hairs began to  
creep in. I tried Ayer's Hair Vigor,  
and it stopped the hair from com-  
ing out and restored the color."  
—Mrs. M. D. Gray, No. Salem, Mass.

There's a pleasure in  
offering such a prepara-  
tion as Ayer's Hair Vigor.  
It gives to all who use it  
such satisfaction. The  
hair becomes thicker,  
longer, softer, and more  
glossy. And you feel so  
secure in using such an  
old and reliable prepara-  
tion.

A special from New York says:

When three Willet's Point soldiers  
came to their senses on the road-  
way near Bayside and found the  
card of James J. Corbett pinned on  
each of their coats they realized  
that they had been "up against the  
real thing."

Corbett is in retirement on a  
small farm at Bayside, and spends  
much of his time in his garden.  
Yesterday he was coming from the  
farther end of the farm, and was  
driving along the road clad in blue  
jean overalls and an old farmer's  
hat. He noticed three soldiers  
coming toward him, but paid no at-  
tention to them.

When the soldiers came up to the  
supposed farmer they made insinu-  
ating remarks about him. Corbett  
overheard the remarks, tied his  
horse to a tree on the roadside and  
went up the road after the soldiers.  
He overtook them before they had  
gone far, and asked them why they  
had used such language to him.

For answer one of the soldiers  
struck Corbett in the face, Corbett  
squared off. The fight was brief.  
Corbett knocked the soldier down  
with one blow. Then the others  
started in to do him. He struck  
one with his right, and a second and  
then the third soldier measured his  
length on the roadway.

Then Corbett pinned one of his  
cards on each of their coats and  
went away.

wringer to squeeze the water out  
of it before it will burn.—Index.

and broke his leg while helping his  
wife do the washing, and now  
comes the sad intelligence from

zens fell dead while turning a clothes  
wringer. This should be a warn-  
ing to the married men in Sycamore.

## Nobility Recommends Nervine.

The above portrait is that of  
Countess Mogelstad, of Chica-  
go, Ill., whose gratitude for the  
benefit received from the use of  
Dr. Miles' Nervine prompted  
her to make this statement:

"It affords me great pleasure to add  
my testimony to the very excellent  
merits of Dr. Miles' Nervine. Although  
I am past 80 years of age I find it  
soothes the tired brain, quiets the ir-  
ritated nerves and insures restful sleep.  
I never feel contented without a bottle  
of it in the house." Gratefully yours,  
CHRISTIANA MARIA,  
Countess Mogelstad.

## COLLEGE ANNOUNCEMENT.

The Mt. Vernon Collegiate Institute will open the first Monday in Sept. Some very valuable changes and additions will be made.

A gentleman of large experience has been secured as assistant principal. The former principal will be made president and manager of the school. Part of the former teachers will return, and part will not, their places will be supplied by thoroughly competent instructors. Last but not least is the promise of a dormitory for the pupils who need a place to board. The funds are already in the hands of the committee to put up the building. All that is now lacking is a suitable place. A good school is the making of a town and community; and we believe there are friends of the school in Mt. Vernon who will help to secure this much needed lot, for the improvements desired. — We see no reason why we should not make our school as good and attractive as any in this part of the state. We have the promise of very liberal help from friends in the East; now let us show our gratitude by lending a helping hand in this noble work.

The securing of the funds for these improvements has been largely through the personal work of Dr. Ewers. He came here three years ago when the school was very much run down.

It has grown larger every year, till the work was so heavy the last year, his health failed from over work. He went away in July for a much needed rest but did not forget the school, even while resting, hence he comes back to us, with this item of good news to all the friends of education throughout this entire community.

Rev. McGarity will preach at the Baptist church Sunday and Sunday night.

Joel Suttles accidentally shot John Suttles Wednesday night. Only a slight wound.

Lost.—A steel gray sack coat, almost new, somewhere between Mt. Vernon and Mareburg, or between Mareburg and Brodhead. A liberal reward for the return of same. W. J. RIDER, Mt. Vernon, Ky.

CAUGHT.—Joe Moore, the man who shot and killed Mrs. Jewell at Mullins Station some time ago and made his escape, was caught in Madison county Saturday and brought here Sunday afternoon and placed in jail.

Rev. Hartsfield, pastor of the Christian church here, will begin a meeting at Wildie on 4th Saturday night closing 5th Sunday morning. On 5th Sunday night he will begin a meeting with the church here. He will also be in a meeting with the Mareburg church the week following, the 2nd Sunday in Sept.

Lightning struck Dunn & Hamm's store Friday, but did very little damage. Mr. Albert Butner, who was sitting on a nail keg near the center of the house, was knocked over in the floor and for nearly a half hour was unable to move himself. There was nothing serious about Mr. Butner's shock, more than a blister on his left hip. There were quite a number in the room but they were not effected in the least.

The Bank of Mt. Vernon, one of our solid business institutions, has been one of the most beneficial enterprises established in our county. The convenience of a bank managed on the order of Cashier Richards and assistant A. B. Furnish, is far beyond what one can properly appreciate, except those who have had no local banking facilities, and our people were in that condition before the establishment of The Bank of Mt. Vernon. We know a good thing when we see it.

A North Missouri editor given to verse writing tells of a sad accident alleged to have happened in his town thus: Johnny had a little mule, its hoofs were hard as rock. He used to hitch the donkey up and drive him round the block. One day the little mule he stopped and wouldn't move a shoe, so Johnny got his pocket-knife and stuck him just a few. Now, when that donkey felt the knife he moved himself, you bet, and Johnny—well, he also moved; they haven't found him yet.

If the people of Mt. Vernon are really interested in the success of our school and the education of our worthy young men and girls, now is the time to show your hand. Money has already been donated to build a dormitory, and it is left to the citizens of the town to say whether or not it shall be built. The amount of money received is not sufficient to buy a lot and put up the kind of a building desired, so it becomes necessary that the town donate the lot, in order that the proposed plan be carried through. Who will be the first to make a start?

Judge John C. Chenault has just had a town in Rockcastle county named in his honor. This little town, known as Chenault, is situated at the terminus of the Brush Creek branch railroad in Rockcastle county which connects with the L. & N. at Brush Creek. The development of this section is due largely to the untiring efforts of Judge Chenault, who for the last fifteen years has probably done more work and worked harder towards the development of that section than any man in Kentucky, and it is pleasing to his many friends that such an acknowledgment of his efforts should be made.—Register.

FREE SCHOLARSHIP.—On Saturday August 30th, 1902, at the College in Mt. Vernon, Ky., beginning at 9 o'clock, a. m., will be held a competitive examination for free scholarships to Mt. Vernon Collegiate Institute. Each Magisterial District in Rockcastle county will be entitled to one free scholarship and one for the county at large. Any one receiving a free scholarship must enter at beginning of the school, or, failing to attend for 10 days, at any time, without good excuse, will forfeit the scholarship to the one receiving the next highest rank on the examination.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness.
